Please bear in mind that depending on the activity you wish to conduct in Argentina, you might be required to have an inviting party registered at the Re.N.U.R.E.

For example in student entry permit requests, you will be asked to introduce your registration number, assigned by the DNM through the host academic institution (*"Pre-carga electronica"*). Another example is the RENURE number in cases of business travellers (*"numero de requirente"*)

After completing this step you will receive a message asking you to select the consular office corresponding to your current residence.

Finally you will be asked if you want to add another request. If you select "no" you will be directed to an overview screen where you can select "Finalizar orden" to finish your request and move to step 2.

Completing the process will finish step 1 and you will receive a confirmation E-Mail containing your log-in credentials and contact information of your assigned consular office.

RADEX System (STEP 2)

Start step 2 by following the link and using the credentials within in the E-Mail you received after finishing Step 1.
